Traditional Chinese Martial Arts Federation

Fellow Chinese Martial Arts Enthusiasts and Friends,

The Traditional Chinese Martial Arts Federation (TCMAF) is pleased to announce the continuation of the Golden Dragon Championships. The 2025 tournament promises to carry forward the traditions of past Golden Dragon Championships and Tempt One Championships.

Consistent with past practice, the Golden Dragon Championships 2025 and its partner, the Chinese Chamber of Commerce, will direct the fundraising efforts to assist patients and families afflicted by the horrible disease known as ALS. The competitor's fees, spectator fees, concession sales, personal donations and corporate sponsorships will be used to assist patients with the cost of physical therapy, caregiver costs and purchase of nutritional supplements.

The mission of the TCMAF is to preserve and promote the values of the arts we treasure. This tournament is one of the tangible vehicles that will help reach these goals. We encourage enthusiasts of all ages, gender and experience levels to join us on November 8th and November 9th, to share your skills and meet friends, both old and new.

Lastly, TCMAF and the tournament organizing committee extends its heartfelt thank you to all the volunteers, competitors, parents and donors. This tournament would not succeed without your support.

Sincerely,

Fenton Fong Eng
Tournament Director

TEMPT ONE ALS FOUNDATION

ALS (aka, Lou Gehrig's disease) is a debilitating neuromuscular disease with no known cause or cure. It is generally fatal to most patients within 2-5 years from diagnosis. There are about 30,000 cases throughout the nation and it affects adults of all ages, ethnicity, and gender. This progressive disease affects the brain nerve cells (neurons) which control the body muscles. As the neurons degenerate or die, instructions and messages from the brain to all body organs weaken and deteriorate resulting in the patient becoming completely immobilized, confined to a bed, and dependent on the care of relatives, loved ones, or caregivers. However, the brain remains completely alert and continuously functional to the end. Most patients also rely on a breathing machine (ventilator).

Your competitor and spectator fees along with personal donations go directly towards assisting local ALS patients and families with expenses related to massage therapy, nutritional supplements, or caregiver pay. Thank you all for helping to making this possible.
