### **Compulsory equipment for WUKF Gauteng Championships**

- Mitts for all Kumite categories. Competitors must use bubble mitts, with or without a thumb protector. Competitors may use WUKF-approved Shobu Ippon mitts.
- For Junior, Senior, and Veteran elite (red, which is after purple, brown, and black belt) categories: the competitors must have the correct colour mitts, depending on being Aka or Shiro. The rest will only be required to have one pair of mitts (red or white).
- Material mitts are not allowed as they are hard and do not provide sufficient protection.
- Gum shields must be worn for all Kumite. Except when a child wears a helmet. Any colour except red, although preferably white or clear will be permitted.
- Groin protectors (cadet, junior, senior, and veteran male Kumite). We will be flexible on this as not all competitors are likely to have a groin protector. Injuries incurred due to a competitor not wearing a groin protector will not necessarily result in a penalty for the opponent.
- White or red belts for Kumite, according to side. A limited number of belts will be provided, please do not remove them from the floor. The correct length would not be guaranteed.
- As far as possible, competitors in Elite categories should strive to wear the correct Karate-Gi and belt length, to set an example to younger competitors.
- Only White Karate-Gi are allowed.

### **Optional**

- Chest protectors for females from age 13 years (from Mini-cadets), must be white. It is a breast protector and not a body protector. It is highly recommended to wear it. Also, wear a white t-shirt.
- Groin protectors (for all male Kumite - but recommended).
- Body protectors (Children Nihon Kumite). May be worn inside or over a karate-gi jacket.
- Helmets (Children Nihon Kumite).

### **Allowed Equipment**

- Sport glasses, spectacles, and contact lenses are worn at their own risk during Kata.
- Specially designed sports glasses may be worn with special permission and on completion of an indemnity form.
- Red or white shin protectors (Nihon and Sanbon Kumite).
- White instep protectors (Nihon and Sanbon Kumite). Red instep allowed for AKA.

### **Forbidden Equipment**

- Spectacles (glass or hard plastic) for Kumite.
- Instep and shin protectors for Ippon Kumite
- Blue mitts or blue shin protectors or insteps will NOT be allowed at all.
- The instep and shin protector must be separate, in two pieces, not one piece.
- Other world karate bodies' logos on any equipment (mitts, Karate-Gi, protectors) must be removed or coloured over with a marker pen to ensure that it is not visible.
- Body protectors (except for Children Nihon Kumite).
- T-shirts (except for Females & Inclusive categories: white only. Combat attacker black).

## Coaches

One coach for every 10 athletes per Federation will be allowed. Coaches must wear a tracksuit. A tracksuit top may however be substituted with a golf or t-shirt. Coaches must have an identification card. The coach fees will be used to support the officials and judges.

## Draw Sheets

- The Knockout Drawsheet System will be implemented for all Kumite categories.
- The points system will be used for all Kata and Kobudo categories.
- Only the Chief Table Official or Tournament Organiser may make changes to the Drawsheets.

## Number of rounds in Kata categories

- 13 Competitors or more: 3 rounds: Elimination, Prelim & Finals.
- 12 or less Competitors: rounds 2 & 3 and not doing round 1 (Prelim & Finals) Kihapp might call it then 1<sup>st</sup> and 2<sup>nd</sup> round.
- There will be a maximum of 6 Competitors in round 3 (finals).

Where categories have been combined, for example, senior ladies white to purple, all competitors will be given the option to repeat a kata in each round and/or tie.

Only the final round will be done for Team Kata with Tokui Kata of registered style. May repeat in the event of a TIE.

The jury table judges will inform all competitors at the start of each category as to the number of rounds taking place. Do not rely on the number of entries per category as they appear at present, as it might change. Prepare TIE Katas for Elite categories, others may repeat in the event of a TIE.

The Competitor must **clearly** announce the Kata name.

The Centre Referee repeats the Kata name to the TO and searches for the abbreviation on the list.

Communicate it to the TO. Check if it is a valid Kata, or else assist in changing the choice.

The Centre Referee repeats the Kata name and then the Competitor starts.

If there is a TIE, another Kata must be done, one competitor at a time, (not together). Points must be given. If there is another TIE, flags will be used based on the last Kata.

The TOs will need to break the tie on Kihapp manually if resolved with flags. TOs will award the winner the highest score in the range and the loser the lowest score in the range (so, if the range is 5-7, the winner will score 7 and the loser will score 5). This will break the tie on Kihapp and move Kihapp on to the next screen. The original score will be used for the grand total.
